

EVEN STEVENS

A pair of opposites who happen to be brother and sister.

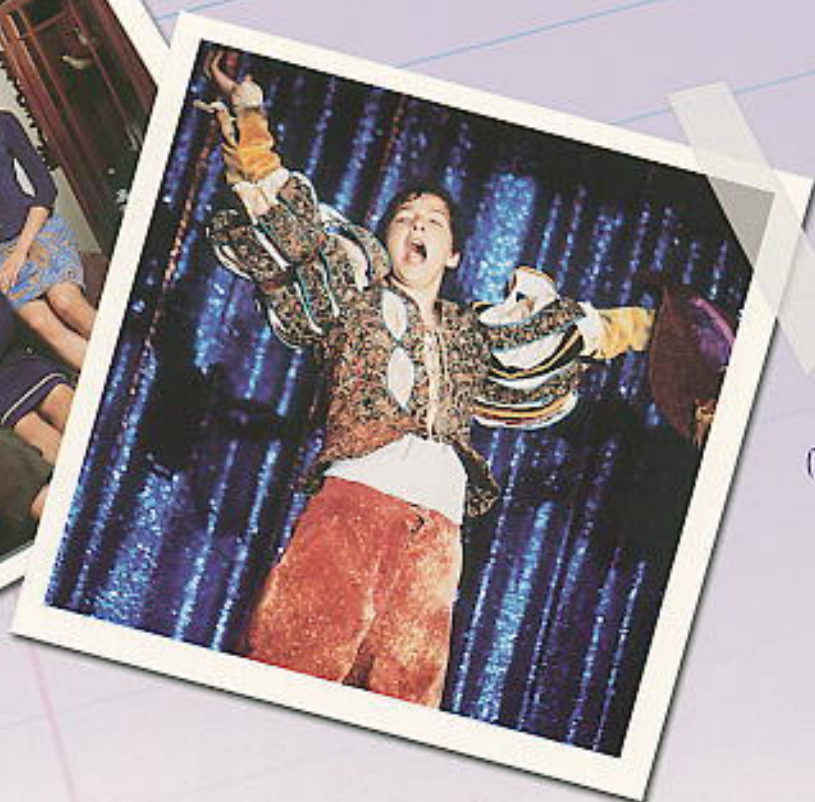

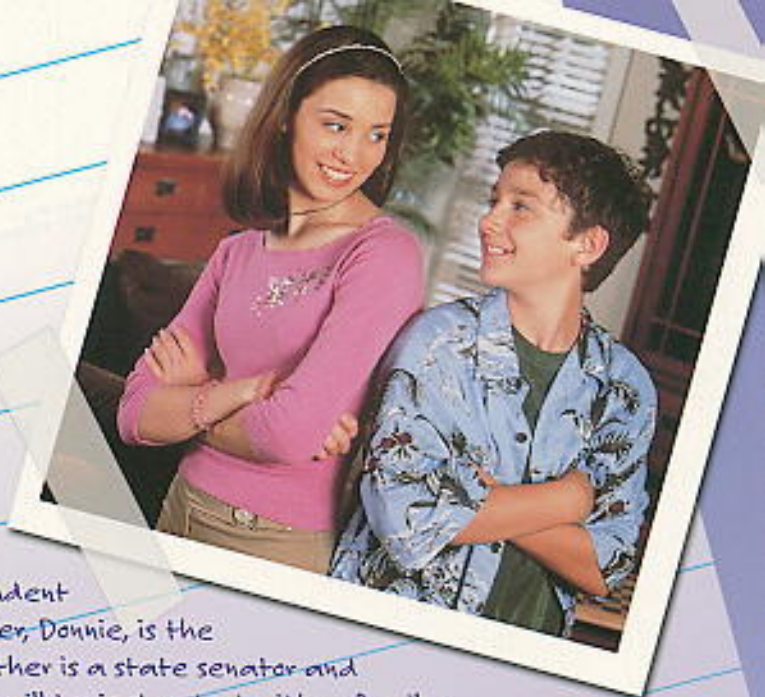

EVEN STEVENS

half hour series

Louis, a normal kid with a sensational sense of humour, is starting the most exciting time in his life, junior high. But there's just one problem, his sister Ren is an ace student with a blinding ambition to succeed and his older brother, Donnie, is the high school's star athlete. To make matters worse, his mother is a state senator and his father is a high profile attorney. The question is how will Louis stand out with a family of super over-achievers and make a name for himself?

Even Stevens follows the escapades of the loving sibling rivalry between Louis and Ren Stevens. Ren is confident, conservative and mature and always eager to present herself appropriately. She embarks on each day as a challenge waiting to be conquered. This would be easy enough if it weren't for the ill-timed, madcap antics of her younger brother Louis. He is the class clown with good intentions innocently gone wrong. Louis can't imagine why Ren is always losing her composure when he's around. Whether he's swapping his sister for a trading card or vying for her spot in the school talent show, the pair always manages to work things out.
