AIRING ON

"Sport is an eternal flame which burns inside of you... You don't have to be a champion. Just have passion... always. Turn off boredom. Spike it!"

# Spike™ Team

Spike Team is a unique and exciting series with unforgettable stories about camaraderie, fun and team work. A team of six girls are coached by Lucky, an extraordinary volleyball champion, who brings out the best qualities in each girl. A strange theft from the **Sports Museum of Evertown** of the **legendary Olympic torch** launches the second season of *Spike Team*. Unraveling this mystery brings the **Spike Team to England** and this fun, international journey exposes the girls to newfound friendships, while solving the theft of the legendary Olympic torch.

We are introduced to unique and **exciting new characters**, like **Brent** (Patty's friend she met online), an English boy who has lost both of his legs in a serious motorbike accident. Thanks to his thirst for life and love of sports, he has been able to overcome this obstacle and now pursues his athletic **dream**: to **participate in the Paralympics**. Brent's courage, strength and positive outlook become a constant inspiration to our girls as they pursue their quest to find the missing Olympic torch. With a Special sponsored by the International Paralympic Committee, *Spike Team's* adventures constantly remind the girls that the best part of each of us, lies within!!
