Twinkle is a wishing star that doesn't know how to grant a wish! When a little girl in a foster home named Faith wishes for a real family that wish floats high into the sky and goes right to Twinkle. But no matter how hard Twinkle tries to grant it . . . she can't! Twinkle has never learned how to grant a wish and now is the only wishing star in the entire Universe who hasn't granted one. Inspired, Twinkle sets off on an adventure to find another wishing star who can teach her how to grant Faith's wish.

Twinkle soon discovers that all the other wishing stars have been star-napped by the greediest little boy in the Universe. He wants to wish for EVERYTHING and the only way to do that is to have every wishing star, which he does . . . except for Twinkle. So, he must catch Twinkle to get his wish so he sends a spaceship to capture her, which is just what happens.

Meantime, Faith makes another wish and when that doesn't come true either, she starts to doubt that she'll ever get a family of her own. Up in space, Twinkle is in a cell with all the other wishing stars. If she doesn't escape and learn how to grant a wish, not only will a little girl's heart will be broken but the entire Universe will be destroyed!

In the end, Twinkle overcomes innumerable obstacles and Faith keeps believing in her just long enough for Twinkle to save the entire Universe and for Faith to discover that the family she'd always wished for was right under her nose the whole time.

A heartwarming family tale that shows the power of belief in oneself and the importance of family.
