BEAR WITH ME

Family Drama ✨ 95 minutes

This family film tells the story of an eleven year-old girl, Emily, who is reunited with the bear cub she hand-raised when it was orphaned by bear hunters. The bear, Masha, was released back into the wilds of the forest. Now, three years later, Emily is lost in

the deep dark woods after attempting to follow her older sister on an environmental protest. After falling and knocking herself unconscious, she wakes to find her blanket is a large brown bear, and miraculously it is Masha, who has been tracking Emily as she wandered lost and alone. Their battle for survival from malicious hunters and ferocious beasts makes for a heart-warming family adventure film featuring the magnificent locations of the Pacific Northwest.

BEING EVE

Kids Live Action ✨ 26 x half hours

Fresh, up-beat and light-hearted, *Being Eve* gives a unique look at early teen life as seen through the eyes of a fifteen-year-old girl! Teenagers are moving into the 21st Century with an array of media, and Eve sees it as her role on the planet to somehow make sense of this confusion. It's like Eve has a video camera in her head as she rewinds, pauses, slows or speeds things up, whenever she feels the need to examine something in a different way. As she says herself, "life's a documentary and she's behind the camera." *Being Eve* goes where no teen drama has gone before - flicking easily from drama to documentary, to fantasy sequences, animation, stills, computer graphics, music video clips and whatever stylistic means best communicate Eve's thoughts and dilemmas. Eve observes. Eve philosophises. Eve tries not to get involved, but her burning curiosity means that sometimes she just can't help it, usually with amusing consequences.

CHUCK FINN

Kids Live Action ✨ 26 x half hours

At the heart of this comedy-adventure series is Charles 'Chuck' Finn, a modern, hip, wisecracking young fellow, reluctantly dragged from the urban jungles of North America to the outback of Australia. At first, his only wish is to go back to Toronto, but with the gathering together of the gang of misfits who become his friends, Chuck eventually finds the new home and companions he longs for beneath his cocky and often abrasive front. The series centres around a once-derelect paddle steamer named the *Tingalla Rose* and the attempts of Chuck and his crew mates not only to get it back on the river, but to run it as the successful working vessel it was at the turn of the last century. There are many hindrances to this dream, not least being that the vessel is haunted by the amiable but unpredictable ghosts of two former passengers!

SCOUT'S SAFARI

Kids Live Action ✨ 26 x half hours

What if winter came in July? What if traffic jams were caused by elephants rather than cars? What if a giant dung beetle crawled among the clothes in your closet ... would that be a problem? Welcome to the brave new world of Jennifer "Scout" Lauer, a smart and savvy New Yorker who, at 13, is psyched about the next big change in her life:

junior high school. But fate has other plans, and moves her to South Africa instead.

Scout's Safari opens when Scout must move to a remote area outside Johannesburg, where her mother and stepfather run a rustic safari lodge. As Scout learns, big-city life was a lot different from the way she must live from hopping aboard "kombi" vans instead of the subway, to taking showers in a shed and staying on alert for hungry animals. Minus familiar comforts such as hotdog vendors and central heating, Scout confronts nature -- including prowling lions and a wildebeest stampede -- and learns valuable lessons about what really matters in life.

ROBOTECH® REMASTERED: EXTENDED EDITION

Blockbuster Sci-Fi Action/Animation

☼ 85 x half hours

About the restoration: After two decades of successful releases on

television and home video, all the pieces had finally come together for a complete reconstruction of the blockbuster anime series that had brought anime to an entire generation of fans. In a process that took over a year and cost over a million dollars, each of the 85 episodes has been digitally restored, expanded with previously deleted scenes, and remixed in 5.1 digital surround sound for an incredible home theater experience!

Synopsis: The Earth has been invaded by a fleet of gigantic alien warships capable of destroying an entire planet in a split second. The only hope for survival lies in the secrets of Robotech, an ancient science which has created powerful robotic weapons systems and interstellar spacecraft. Years earlier, a mysterious unmanned Robotech space battle fortress crashed into the Earth, containing valuable information which the scientists of the United Earth Government used to develop their own Robotech Defense Force. However, unfamiliar with the alien technology, the crew of this newly reconstructed Super Dimension Fortress-1 will face the nearly impossible task of defending not only their own lives, but the fate of the entire world.
